DESIGN AND THEMING

To each customer his own ride!

We do everything in-house to assure that the highest manufacturing standards are met, together with the customer requests. Customers can choose their theme, cars and trains, colors, and any kind of personalization. Our state-of-the-art manufacturing facility allows us to monitor and control the production process every step of the way. We have an extensive warehouse well stocked with all that we need to make every ride we produce a great ride:

- Storage of materials to maintain timely production schedules and on-time deliveries;
- An extensive inventory of spare parts and supplies to keep our products operating with a very minimal downtime;
- A wide showroom where our rides are on display for the convenience of our customers.
